

ReadSpeaker pricing for Michigan Colleges Online Campuses

Effective April 1, 2018 to March 30, 2020

With the rapid increase of online and blended course enrollments, campuses all across the country are adopting these ReadSpeaker innovative "cloud based" text-to-speech solutions to align digital content with ADA compliance and UDL principles

ReadSpeaker webReader: integrates seamlessly with all major learning management systems(Canvas, Blackboard D2L brightspace, Moodle, etc..) to *dynamically read out-highlight* online content/documents with the click of a listen icon.

ReadSpeaker TextAid: 100% cloud based reading, writing, and studying tool for educational institutions, added to the LMS as an LTI provides easy access for all students with a single log in
